UNQUALIFIED OPINION ON BASIC FINANCIAL STATEMENTS
ACCOMPANIED BY REQUIRED SUPPLEMENTARY INFORMATION AND OTHER
SUPPLEMENTARY INFORMATION

Independent Auditor's Report

The Honorable Judge and
County Commissioners
Red River County, Texas
Clarksville, Texas

We have audited the accompanying financial statements of the government activities, the business type activities, each major fund, and the aggregate remaining fund information of Red River County, Texas as of and for the year ended September 30, 2008, which collectively comprise the basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's administrators. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the government activities, the business-type activities, each major fund, and the aggregate remaining fund information of Red River County, Texas, as of September 30, 2008, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the general fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated December 10, 2008 on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or compliance. The report is an integral part of an audit performed in accordance with Governmental Auditing Standards and should be considered in assessing the results of our audit.

Management's discussion and analysis on pages three through eleven are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual non-major fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual non-major fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the County of Red River County, Texas, we offer readers of the County's financial statements this narrative overview and analysis of the financial activities and performance for the year ended September 30, 2008. The information presented here should be read in conjunction with the independent auditor's report and the County's financial statements.

FINANCIAL HIGHLIGHTS

The County's total combined net assets were \$16 million at September 30, 2008. \$14 million of the net assets is invested in capital assets, net of related debt. During the year, the County's expenses were \$703 thousand more than the \$5.34 million generated in taxes, charges for services and other revenues from governmental activities.

The total cost of all the County's activities was about \$482 thousand or 8.5% more than the prior year. Public safety costs increased \$123 thousand. Highways, streets, and bridges department costs increased \$513 thousand. Depreciation on roads accounted for \$334 thousand of this increase. Revenue was down \$130 thousand or 2.4%.

The general fund balance is \$659 thousand at September 30, 2008, which is an increase of \$43 thousand.

During the year, \$601 thousand of fixed assets were added. \$514 thousand of new debt was obtained. \$202 thousand of principal was paid on debt.

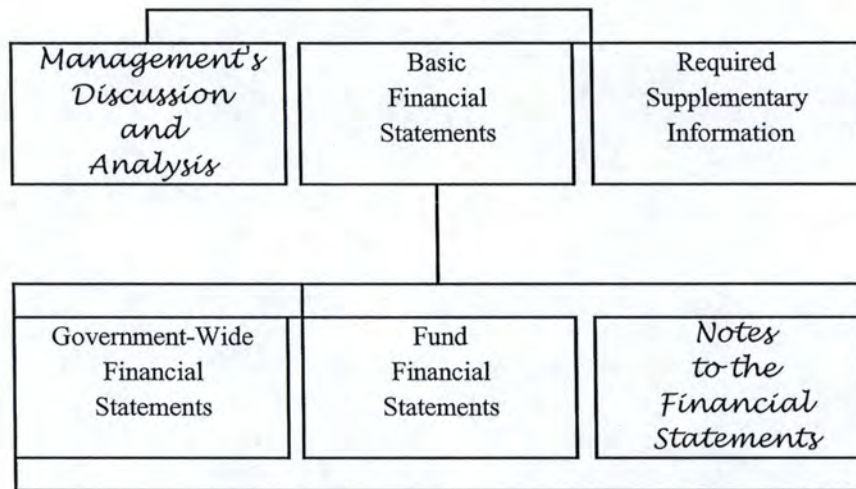

Approximately 94% of the taxes levied for 2007-08 were collected by September 30, 2008.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts--*management's discussion and analysis* (this section), the *basic financial statements*, and *required supplementary information*. The basic financial statements include two kinds of statements that present different views of the County:

- The first two statements are *government-wide financial statements* that provide information about the County's activities as a whole and present a longer-term view of the County's property and debt obligations. They reflect the flow of total economic resources in a manner similar to the financial reports of a business enterprise.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the government, reporting the County's operations in *more detail* than the government-wide statements.
 - The *governmental funds* statements tell how *general government* services were financed in the *short term* as well as what remains for future spending.
 - *Proprietary fund* statements offer *short- and long-term* financial information about the activities the government operates *like businesses*, such as a commissary operation.
 - *Fiduciary fund* statements provide information about the financial relationships in which the County acts solely as a *trustee or agent* for the benefit of others, to whom the resources in question belong. This fund contains trust funds.

Figure A-1. Required Components of the County's Annual Financial Report

Summary ↔ Detail

The financial statements also include *notes* that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explains and supports the information in the financial statements. Figure A-1 shows how the required parts of this annual report are arranged and related to one another.

Figure A-2 summarizes the major features of the County's financial statements, including the portion of the County government they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

Figure A-2. Major Features of the County's Government-wide Fund Financial Statements				
<i>Type of Statements</i>	Government-wide	Governmental Funds	Proprietary Funds	Fiduciary Funds
<i>Scope</i>	Entire County's government (except fiduciary funds) and the County's component units	The activities of the County that are not proprietary or fiduciary	Activities the County operates similar to private businesses: self insurance	Instances in which the County is the trustee or agent for someone else's resources
<i>Required financial statements</i>	Statement of net assets	Balance sheet	Statement of net assets	Statement of fiduciary net assets
	Statement of activities	Statement of revenues, Expenditures & changes in fund balances	Statement of revenues, expenses and changes in fund net assets Statement of cash flows	Statement of changes in fiduciary net assets
<i>Accounting basis and measurement focus</i>	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus
<i>Type of asset/liability information</i>	All assets and liabilities, both financial and capital, short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter, no capital assets included	All assets and liabilities, both financial and capital, and short-term and long-term	All assets and liabilities, both short-term and long-term; the Agency's funds do not currently contain capital assets, although they can
<i>Type of inflow/outflow information</i>	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon after	All revenues and expenses during year, regardless of when cash is received or paid	All revenues and expenses during year, regardless of when cash is received or paid

Government-wide Statements

The government-wide statements report information about the County as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes *all* of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the County's *net assets* and how they have changed. Net assets—the difference between the County's assets and liabilities—is one way to measure the County's financial health or *position*.

- Over time, increases or decreases in the County's net assets are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the County, consideration should be given to additional nonfinancial factors such as changes in the County's tax base.

The government-wide financial statements of the County include the *Governmental activities*. Most of the County's basic services are included here, such as public safety, highways, streets and bridges, judicial and general administration. Property taxes and charges for services finance most of these activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the County's most significant *funds*—not the County as a whole. Funds are accounting devices that the County uses to keep track of specific sources of funding and spending for particular purposes.

- Some funds are required by State law and by bond covenants.
- The Commissioner's Court establishes other funds to control and manage money for particular purposes or to show that it is properly using certain taxes and grants.

The County has three kinds of funds:

- *Governmental funds*—Most of the County's basic services are included in governmental funds, which focus on (1) how *cash and other financial assets* that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed *short-term* view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, additional information is provided that explains the relationship (or differences) between them.
- *Proprietary funds*—Services for which the County charges customers a fee are generally reported in enterprise funds. Enterprise funds, like the government-wide statements, provide both long-term and short-term financial information. *Internal service funds* are used to report activities that provide supplies and services for the County's other programs and activities. The County has no internal service funds.
- *Fiduciary funds*—The County is the trustee, of *fiduciary*, for certain funds. It is also responsible for other assets that—because of a trust arrangement—can be used only for the trust beneficiaries. The County is responsible for ensuring that the assets reported in these funds are used for their intended purposes. The County's fiduciary activities are reported in a separate statement of fiduciary net assets and a statement of changes in fiduciary net assets. These activities are excluded from the County's government-wide financial statements because the County cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE COUNTY AS A WHOLE

Net assets. The County's combined net assets were approximately \$16 million at September 30, 2008.

Table A-1
The County's Net Assets
(in thousands of dollars)

	Governmental Activities		Business Type Activities		Total	
	2008	2007	2008	2007	2008	2007
Current and other assets	3,259	3,313	404	478	3,663	3,791
Capital and non-current assets	13,401	13,641	1,173	1,206	14,574	14,847
TOTAL ASSETS	<u>16,660</u>	<u>16,954</u>	<u>1,577</u>	<u>1,684</u>	<u>18,237</u>	<u>18,638</u>
Long-term liabilities	554	242	-	-	554	242
Other liabilities	1,627	1,630	-	-	1,627	1,630
TOTAL LIABILITIES	<u>2,181</u>	<u>1,872</u>	<u>-</u>	<u>-</u>	<u>2,181</u>	<u>1,872</u>
Invested in capital assets net of related debt	12,847	13,399	1,173	1,206	14,020	14,605
Restricted	849	901	-	-	849	901
Unrestricted	783	782	404	478	1,187	1,260
TOTAL NET ASSETS	<u>14,479</u>	<u>15,082</u>	<u>1,577</u>	<u>1,684</u>	<u>16,056</u>	<u>16,766</u>

Net assets invested in capital assets net of related debt reflects the book value of the County's capital assets in excess of the debt which financed those assets. The \$1.19 million of unrestricted net assets represents resources available to fund the programs of the County for the next fiscal year.

The \$849 thousand is restricted as follows:

Restricted for debt service	-
Restricted for special revenue funds	<u>849</u>
	<u>849</u>

Net assets of the County decreased \$710 thousand. The County recorded depreciation of \$727 thousand. \$514 thousand of new debt was obtained. \$202 thousand of debt was paid off. \$601 thousand of fixed assets were added.

Changes in net assets.

The County's total revenues were \$5.34 million. 53% of this came from property taxes, 13% came from sales taxes and other taxes, 22% came from charges for services, and 9% came from operating grants and contributions.

The total cost of all programs was \$6.1 million. Approximately 28% of this was for public safety and 30% was for highways, streets and bridges.

Net assets decreased by \$703 thousand because of the excess of expenses over revenues. Depreciation expense was \$727 thousand for the year.

Table A-3 presents the cost of each of the County's largest functions as well as each function's *net cost* (total cost less fees generated by the activities and intergovernmental aid). The net cost reflects what was funded by state revenues as well as local tax dollars.

- The cost of all *governmental* activities this year was \$6 million.
- However, the amount that taxpayers paid for these activities through property taxes was only \$2.8 million.
- Some of the cost was paid by those who directly benefited from the programs (\$570 thousand), or by grants and contributions (\$456 thousand).

Table A-3
Net Cost of Selected County Functions
(in thousands of dollars)

	Total Cost of Services		Net Cost of Services	
	2008	2007	2008	2007

Public Safety	1,615	1,429	1,480	1,284
Highways, Streets and Bridges	1,860	1,347	1,833	1,347

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

The County reported fund balance in its governmental funds of approximately \$1.5 million at September 30, 2008. This balance is composed of the following in thousands

General	659
Special revenue	849
Debt service	-
	<u>1,508</u>

Fund balance in the governmental funds decreased \$7 thousand. The most significant reason for the decrease is in the main road and bridge fund. Operating costs were up \$549 thousand. Capital outlay expenditures were \$372 thousand more than the previous year. The general fund balance actually increased \$45 thousand.

General Fund Budgetary Highlights

Several budget amendments were made during the year. Even with these amendments, actual expenditures were less than budgeted by \$156 thousand. Actual revenues were \$117 thousand more than budgeted. \$119 thousand was budgeted as a decrease to fund balance. Actually, the fund balance increased \$45 thousand.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The governing body of Red River County considered many things when setting the fiscal year 2008 budget. The tax base continues to remain fairly stable. The total revenue from property taxes will not vary significantly from the prior year. The most important and critical part of our revenue is those funds accrued through prisoner housing. The expected revenue for the coming year should be about the same as for the last year. These funds are instrumental in allowing the County to be able to provide proper services for its citizens. Revenues should remain comparable to the 2008 actual revenue.

No significant increases to expenditures are budgeted for 2009. General fund expenditures have been held relatively constant since 2002. No new programs or initiatives are added for 2009. Also, no significant purchases of fixed assets are currently budgeted. As a result of these, no significant change to fund balances are budgeted.

The County believes that the budget is reasonable, attainable and fiscally sound and allows for services to be provided to the citizens of the County in a sound manner.

CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT

This financial report is designed to provide a general overview of Red River County's finances for all those with an interest in the County's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be directed to the County's Auditor's Office.

Red River County, Texas
 RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE
 STATEMENT OF NET ASSETS
 for the year ended September 30, 2008

Total Fund Balances - Governmental Funds	1,507,515
1. Capital assets used in governmental activities are not financial resources and therefore are not reported in governmental funds. At the beginning of the year, the cost of these assets was \$24,872,297 and the accumulated depreciation was \$11,231,356. In addition, long-term liabilities, including bonds payable, are not due and payable in the current period, and, therefore are not reported as liabilities in the funds. The net effect of including the beginning balances for capital assets (net of depreciation) and long-term debt in the governmental activities is to increase (decrease) net assets.	13,399,197
2. Current year capital outlays and long-term debt principal payments are expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of including the 2008 capital outlays and debt principal payments is to increase (decrease) net assets.	655,850
3. The 2008 depreciation expense increases accumulated depreciation. The net effect of the current year's depreciation is to decrease net assets.	(693,635)
4. Various other reclassifications and eliminations are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include recognizing deferred revenue as revenue, eliminating interfund transactions, reclassifying the proceeds of debt as an increase in notes payable and recognizing the liabilities associated with maturing long-term debt and interest. The net effect of these reclassifications and recognitions is to increase (decrease) net assets.	<u>(390,189)</u>
Net Assets, of Governmental Activities	<u><u>14,478,738</u></u>

Red River County, Texas
 RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES,
 AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
 for the year ended September 30, 2008

Total Net Change in Fund Balances - Governmental Funds	(7,148)
Current year capital outlays and long-term debt principal payments are expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of removing the 2008 capital outlays and debt principal payments is to increase (decrease) net assets.	655,850
Depreciation is not recognized as an expense in governmental funds since it does not require the use of current financial resources. The net effect of the current year's depreciation is to decrease net assets.	(693,635)
Various other reclassifications and eliminations are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include recognizing deferred revenue as revenue, adjusting current year revenue to show the revenue earned from the current year's tax levy, eliminating interfund transactions, reclassifying the proceeds of new debt, and recognizing the liabilities associated with maturing long-term debt and interest. The net effect of these reclassifications and recognitions is to increase (decrease) net assets.	<u>(558,429)</u>
Change in Net Assets of Governmental Activities	<u><u>(603,362)</u></u>

Red River County, Texas
NOTES TO THE FINANCIAL STATEMENTS
At September 30, 2008

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Red River County, Texas is a county government operating under the applicable laws and regulations of the State of Texas. It is governed by a five member Commissioner's Court elected by registered voters of the County. The County prepares its basic financial statements in conformity with generally accepted accounting principles promulgated by the Governmental Accounting Standards Board and other authoritative sources identified in *Statement on Auditing Standards No. 69* of the American Institute of Certified Public Accountants.

A. REPORTING ENTITY

The Commissioner's Court is elected by the public and it has the authority to make decisions and significantly influence operations. It has the primary accountability for fiscal matters. Therefore, the County is a financial reporting entity as defined by the Governmental Accounting Standards Board ("GASB") in its Statement No. 14, "The Financial Reporting Entity." There are no component units included within the reporting entity.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The Statement of Net Assets and the Statement of Activities are government-wide financial statements. They report information on all of Red River County with most of the interfund activities removed. *Governmental activities* include programs supported primarily by taxes, charges for services, grants and other intergovernmental revenues. Business type activities include operations that rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates how other people or entities that participate in programs the County operates have shared in the payment of the direct costs. The "charges for services" column includes payments made by parties that purchase, use, or directly benefit from goods or services provided by a given function or segment of the County. Examples include fees of offices. The "grants and contributions" column includes amounts paid by organizations outside the County to help meet the operational or capital requirements of a given function. If a revenue is not a program revenue, it is a general revenue used to support all of the County's functions. Taxes are always general revenues.

Interfund activities between governmental funds and between governmental funds and proprietary funds appear as due to/due froms on the Governmental Fund Balance Sheet and Proprietary Fund Statement of Net Assets and as other resources and other uses on the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balance and on the Proprietary Fund Statement of Revenues, Expenses and Changes in Fund Net Assets. All interfund transactions between governmental funds are eliminated on the government-wide statements. Interfund activities between governmental funds and enterprise funds remain on the government-wide statements and appear on the government-wide Statement of Net Assets as internal balances and on the Statement of Activities as interfund transfers. Interfund activities between governmental funds and fiduciary funds remain as due to/due froms on the government-wide Statement of Activities.

The fund financial statements provide reports on the financial condition and results of operations for three fund categories - governmental, proprietary, and fiduciary. Since the resources in the fiduciary funds cannot be used for County operations, they are not included in the government-wide statements. The County considers some governmental funds major and reports their financial condition and results of operations in a separate column.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues result from providing goods and services in connection with a proprietary fund's principal ongoing operations; they usually come from exchange or exchange-like transactions. All other revenues are nonoperating. Operating expenses can be tied specifically to the production of the goods and services, such as materials and labor and direct overhead. Other expenses are nonoperating.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements use the economic resources measurement focus and the accrual basis of accounting, as do the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements use the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets, current liabilities and fund balances are included on the balance sheet. Operating statements of these funds present net increases and decreases in current assets (i.e., revenues and other financing sources and expenditures and other financing uses).

The modified accrual basis of accounting recognizes revenues in the accounting period in which they become both measurable and available, and it recognizes expenditures in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest and principal on long-term debt, which is recognized when due. The expenditures related to certain compensated absences and claims and judgments are recognized when the obligations are expected to be liquidated with expendable available financial resources. The County considers all revenues available if they are collectible within 60 days after year end.

Revenues from local sources consist primarily of property taxes. Property tax revenues and revenues received from the State are recognized under the "susceptible to accrual" concept, that is, when they are both measurable and available. The County considers them "available" if they will be collected within 60 days of the end of the fiscal year. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are both measurable and available.

Grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant. Accordingly, when such funds are received, they are recorded as deferred revenues until related and authorized expenditures have been made. If balances have not been expended by the end of the project period, grantors some times require the County to refund all or part of the unused amount.

The Proprietary Fund Types and Fiduciary Funds are accounted for on a flow of economic resources measurement focus and utilize the accrual basis of accounting. This basis of accounting recognizes revenues in the accounting period in which they are earned and become measurable and expenses in the accounting period in which they are incurred and become measurable. The County applies all GASB pronouncements as well as the Financial Accounting Standards Board pronouncements issued on or before November 30, 1989, unless these pronouncements conflict or contradict GASB pronouncements. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the fund Statement of Net Assets. The fund equity is segregated into invested in capital assets net of related debt, restricted net assets, and unrestricted net assets.

D. FUND ACCOUNTING

The County reports the following major governmental funds:

1. **The General Fund** – The general fund is the County's primary operating fund. It accounts for all financial resources except those required to be accounted for in another fund.
2. **Special Revenue Funds** --One special revenue fund is considered a major fund. This fund is the main road and bridge. See the definition of these funds below.

Additionally, the County reports the following fund type(s):

Governmental Funds:

1. **Special Revenue Funds** – The County accounts for resources restricted to, or designated for, specific purposes by the County or a grantor in a special revenue fund.
2. **Debt Service Funds** -- The County accounts for resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds in a debt service fund.

Proprietary Funds:

1. **Enterprise Funds** -- The County's activities for which outside users are charged a fee roughly equal to the cost of providing the goods or services of those activities are accounted for in an enterprise fund. The County's non-major Enterprise Fund is the jail housing fund.

Fiduciary Funds:

1. **Agency Funds** - The County accounts for resources held for others in a custodial capacity in agency funds. The County's Agency Funds contains trust funds.

E. OTHER ACCOUNTING POLICIES

1. For purposes of the statement of cash flows for proprietary funds, the County considers highly liquid investments to be cash equivalents if they have a maturity of three months or less when purchased.
2. In the governmental-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net assets.
3. Capital assets, which include land, buildings, machinery and equipment and roads and bridges are reported in the applicable governmental activities column in the government-wide financial statements. Capital assets are defined by the County as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Buildings, machinery and equipment of the County and the component units are depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	50
Building Improvements	50
Vehicles	5
Office Equipment	5-7
Machinery	7-10
Roads	50

4. Some cash and investments are restricted for future debt payments.
5. In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.
6. When the County incurs an expense for which it may use either restricted or unrestricted assets, it uses the restricted assets first whenever they will have to be returned if they are not used.
7. Investments are recorded at fair market value.
8. Private sector standards of accounting and financial reporting issued prior to December 1, 1989 generally are followed in both government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the GASB. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The District has elected not to follow subsequent private-sector guidance.

II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUND BALANCE SHEET AND THE GOVERNMENT-WIDE STATEMENT OF NET ASSETS

Exhibit C-2 provides the reconciliation between the fund balance for total governmental funds on the governmental fund balance sheet and the net assets for governmental activities as reported in the government-wide statement of net assets. One element of that reconciliation explains that capital assets are not financial resources and are therefore not reported in governmental funds. In addition, long-term liabilities, including bonds payable, are not due and payable in the current period and are not reported as liabilities in the funds. The details of capital assets and long-term debt at the beginning of the year were as follows:

<u>Capital Assets</u> <u>at the Beginning of the year</u>	<u>Historic Cost</u>	<u>Accumulated</u> <u>Depreciation</u>	<u>Net Value at the</u> <u>Beginning of the</u> <u>Year</u>	<u>Change in Net</u> <u>Assets</u>
Land	128,149	-	128,149	
Buildings & improvements	5,461,499	(892,205)	4,569,294

Roads	<u>16,692,500</u>	<u>(8,680,100)</u>	<u>8,012,400</u>	
Change in Net Assets	<u>24,872,297</u>	<u>(11,231,356)</u>	<u>13,640,941</u>	<u>13,640,941</u>
<u>Long-term Liabilities</u> <u>at the Beginning of the year</u>			<u>Payable at the</u> <u>Beginning of the</u> <u>Year</u>	
Bonds payable			-	
Notes payable			<u>241,744</u>	
Change in Net Assets				<u>241,744</u>
Net Adjustment to Net Assets				<u><u>13,399,197</u></u>

B. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUND STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES AND THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES

Exhibit C-4 provides a reconciliation between the net changes in fund balance as shown on the governmental fund statement of revenues, expenditures, and changes in fund balances and the changes in net assets of governmental activities as reported on the government-wide statement of activities. One element of that reconciliation explains that current year capital outlays and debt principal payments are expenditures in the fund financial statements, but should be shown as increases in capital assets and decreases in long-term debt in the government-wide statements. This adjustment affects both the net asset balance and the change in net assets. The details of this adjustment are as follows:

	<u>Amount</u>	<u>Adjustments to Changes in Net Assets</u>	<u>Adjustments to Net Assets</u>
<u>Current year Capital Outlay</u>			
Building & improvement	-	-	
Machinery & equipment	600,896	600,896	600,896
Total Capital Outlay	<u>600,896</u>	<u>600,896</u>	<u>600,896</u>
Book value of assets sold	<u>147,100</u>	<u>(147,100)</u>	<u>(147,100)</u>
 <u>Debt Principal Payments</u>			
Note principal	<u>202,054</u>	<u>202,054</u>	<u>202,054</u>
Total Principal Payments	<u>202,054</u>	<u>202,054</u>	<u>202,054</u>
Total Adjustment to Net Assets		<u><u>655,850</u></u>	<u><u>655,850</u></u>

Another element of the reconciliation on Exhibit C-4 is described as various other reclassifications and eliminations necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. This adjustment is the result of several items. The details for this element are as follows:

	<u>Amount</u>	<u>Adjustments to Change in Net Assets</u>	<u>Adjustments to Net Assets</u>
<u>Adjustments to Revenue and Deferred Revenue</u>			
Taxes Collected from Prior Year Levies	110,042	(110,042)	-
Uncollected taxes (assumed collectible) from Current Year Levy	102,788	102,788	102,788
Uncollected Taxes (assumed collectible) from Prior Year Levy	118,881	-	118,881
Effect of prior year tax entry	21,645	(21,645)	-
<u>Reclassify Proceeds of Bonds, Loans & Capital Leases</u>			
Loan proceeds	514,096	(514,096)	(514,096)
<u>Valuation and comp. Time payable</u>			
End of year liability	97,762	-	(97,762)
Change in liability from prior year	<u>15,434</u>	<u>(15,434)</u>	<u>-</u>
Total		<u><u>(558,429)</u></u>	<u><u>(390,189)</u></u>

III. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. BUDGETARY DATA

The County prepares its appropriated budget on a basis consistent with generally accepted accounting principles using the organization perspective, that is, the budget follows the formal, usually statutory, patterns of authority and responsibility granted to actually carry out the functions of the government. For example, the county judge's office has a separate budget from the county sheriff's office; although, various offices may be subsidized from revenues generated by maintenance and operation ad valorem taxes.

The county auditor and the county judge prepare an estimated budget based on recommendations and requests submitted by each department head. This estimated budget is presented to the commissioners, who then begin the process of reallocating specific items that, in their opinion, need to be modified. The final budget, when approved by the commissioners court, is filed for public inspection with the county clerk. Public hearings are then held, if required, and the budget is adjusted, if necessary, and approved in its final form by commissioners court. Each fund's appropriated budget is prepared on a detailed line item basis. Revenues are budgeted by source. Revisions to the budget were made throughout the year.

The County does not record encumbrances as part of its accounting records.

IV. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS

A. DEPOSITS AND INVESTMENTS

Legal and Contractual Provisions Governing Deposits and Investments

The **Public Funds Investment Act** (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports and establishment of appropriate policies. Among other things, it requires the County to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable state maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, (9) and bid solicitation preferences for certificates of deposit. Statutes authorize the District to invest in (1) obligations of the U.S. Treasury, certain U.S. agencies, and the State of Texas; (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptances, (7) Mutual Funds, (8) Investment pools, (9) guaranteed investment contracts, (10) and common trust funds. The Act also requires the County to have independent auditors perform test procedures related to investment practices as provided by the Act. The county is in substantial compliance with the requirements of the Act and with local policies.

Additional contractual provisions governing deposits and investments for the County are as follows:

Policies Governing Deposits and Investments

In compliance with the Public Funds Investment Act, the County has adopted a deposit and investment policy. That policy does address the following risks:

1. **Custodial Credit Risk--Deposits:** In the case of deposits, this is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The County's policy regarding types of deposits allowed and collateral requirements is that the funds of the County must be deposited and invested under the terms of a contract, contents of which are set out in the Depository Contract Law. The depository bank places approved pledged securities for safekeeping in an amount sufficient to protect the County's funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance.

Deposits of the County are insured or collateralized with securities held by the pledging financial institution's trust department or agent in the name of the County.

At September 30, 2008, the carrying amount of the County's deposits (cash, certificates of deposit, and interest-bearing savings accounts included in temporary investments) was \$2,152,122 and the bank balance was \$2,701,686. The county's cash deposits at September 30, 2008 and during the year ended September 30, 2008 were entirely covered by FDIC insurance or by pledged collateral held by the County's agent bank in the County's name.

A. DEPOSITS AND INVESTMENTS (continued)

In addition, the following is disclosed regarding coverage of combined balances on the date of September 30, 2008:

- a. Depository: State Bank of Dekalb
 - b. The market value of securities pledged as of September 30, 2008 was \$4,606,419.
 - c. Total amount of FDIC coverage at September 30, 2008 was \$200,000.
2. Custodial Credit Risk--Investments: For an investment, this is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments of collateral securities that are in the possession of an outside party. Positions in external investment pools are not subject to custodial credit risk. The County has no investments exposed to custodial credit risk at the end of the period.
3. Interest-rate Risk-- Interest-rate risk occurs when potential purchases of debt securities do not agree to pay fair value for these securities if interest rates rise. The County does not purchase investments where the face value is not guaranteed.
4. Concentration Risk—Concentration risk is defined as positions of 4 percent or more in the securities of a single issuer. Investments in external investment pools are not subject to concentration risk. The County is not exposed to any amounts of concentration risk.
5. Other Credit Risk Exposure – The County has no investments in external investment pools.

B. PROPERTY TAXES

Property taxes are levied by October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the County in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On January 31 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed. Property tax revenues are considered available (1) when they become due or past due and receivable within the current period and (2) when they are expected to be collected during a 60-day period after the close of the school fiscal year.

The County levied property taxes for 2007 totaling approximately \$2.88 million. Such tax is based on an assessed valuation of approximately \$394 million with an applicable tax rate of \$.7312 per \$100 valuation.

C. DELINQUENT TAXES RECEIVABLE

Delinquent taxes are prorated between maintenance and debt service based on rates adopted for the year of the levy Allowances for uncollectible tax receivables within the General and Debt Service Funds are based on historical experience in collecting property taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the County is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature.

D. INTERFUND TRANSFERS

Transfers between funds were as follows:

Transfers to Nonmajor Governmental Funds from:

General Fund	16,596
Proprietary Fund	26,197
Total Transferred to Nonmajor Governmental Funds	<u>42,793</u>

D. INTERFUND TRANSFERS cont'd

				(1,201)	43,830	43,830
Note Payable--caterpillar motorgrader R&B #2	200,005	3.50%	-	200,005	-	-
				(879)	199,126	199,126
			<u>241,744</u>	<u>312,042</u>	<u>553,786</u>	<u>544,438</u>

The Counties long-term debt as of September 30, 2008, follows:

(A) Note payable, Main Road & Bridge, due in monthly payments of \$535.79, including interest at 1.60%	15,573
(B) Note payable, State Bank of DeKalb, due in thirty five monthly payments of \$1,175 plus interest of 3.50%, and one payment for the remaining balance on March 24, 2009	37,003
(C) Note payable, State Bank of DeKalb, due in monthly principal payments of \$500 plus interest at 3.50% and one payment for the remaining balance on March 19, 2009.	86,750
(D) Note payable, State Bank of DeKalb, due in monthly payments of \$900 for principal and interest, and one payment of the remaining balance on December 19, 2008.	84,754
(E) Note payable, State Bank of DeKalb, due in monthly principal payments of \$500 plus interest at 3.50% and one payment of the remaining balance on March 19, 2009.	86,750
(F) Note payable, State Bank of DeKalb, due in monthly principal payments of \$1,320 including interest at 3.50% and one payment for the remaining balance on August 19, 2009.	43,830
(G) Note payable, State Bank of DeKalb, due in monthly principal payments of \$1,300 including interest at 3.50% and one payment for the remaining balance on July 19, 2009.	<u>199,126</u>
	<u>553,786</u>

G. CHANGES IN LONG-TERM DEBT (continued)

The annual requirements to amortize notes payable as of September 30, 2008, follows:

Years Ending 9/30	Principal	Interest	Total
2009	544,438	9,660	554,098
2010	6,327	102	6,429
2011	3,021	14	3,035
2012	-	-	-
2013	-	-	-
	<u>553,786</u>	<u>9,776</u>	<u>563,562</u>

H. RETIREMENT PLAN

A. Plan Description. The County provides retirement, disability, and death benefits for all of its full-time employees through a nontraditional defined benefit pension plan the state-wide Texas County and District Retirement System (TCDRS). The Board of Trustees of TCDRS is responsible for the administration of the state-wide agent multiple-employer public employee retirement system consisting of 574 nontraditional defined benefit pension plans. TCDRS in the aggregate issues a comprehensive annual financial report (CAFR) on a calendar year basis. The CAFR is available upon written request from the TCDRS Board of Trustees at P.O. Box 2034, Austin, Texas 78768-2034.

The plan provisions are adopted by the governing body of the employer, within the options available in the Texas state statutes governing TCDRS (TCDRS Act). Members can retire at ages 60 and above with 8 or more years of service, with 30 years of service regardless of age or when the sum of their age and years of service equals 75 or more. Members are vested after 8 years of service but must leave their accumulated contributions in the plan to receive any employer-financed benefit. Members who withdraw their personal contributions in a lump-sum, are not entitled to any amounts contributed by the employer.

Benefit amounts are determined by the sum of the employee's contributions to the plan, with interest, and employer-financed monetary credits. The level of these monetary credits is adopted by the governing body of the employer within the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. At retirement, death, or disability, the benefit is calculated by converting the sum of the employee's accumulated contributions and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

B. Funding Policy. The employer has elected the annually determined contribution rate (Variable-Rate) plan provisions of the TCDRS Act. The plan is funded by monthly contributions from both employee members and the employer based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the employer is actuarially determined annually. The employer contributed using the actuarially determined rate of 7.43% for the months of the accounting year in 2007, and 7.43% for the months of the accounting year in 2007.

The contribution rate payable by the employee members for calendar year 2007 is the rate of 7% as adopted by the governing body of the employer.

H. RETIREMENT PLAN (continued)

C. Annual Pension Cost. For the employer's accounting year ended September 30, 2008 the annual pension cost for the TCDRS plan for its employees was \$148,570, and the actual contributions were \$148,570.

The annual required contributions were actuarially determined as a percent of the covered payroll of the participating employees, and were in compliance with the GASB Statement No. 27 parameters based on the actuarial valuations as of December 31, 2005, December 31, 2006, the basis for determining contribution rates for calendar years 2007 and 2008. The December 31, 2007 actuarial valuation is the most recent valuation.

I. HEALTH INSURANCE

The County is covered under a health insurance plan with the Texas Association of County's Health Benefits Program. The County paid \$426 per employee per month and the employee pays \$50 per month for a total premium of \$476 per month.

J. FEDERAL GRANTS

In the normal course of operations, the County receives grant funds from various Federal and State agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance precedent to the granting of funds. Any liability for reimbursement which may arise as the result of these audits is not believed to be material.

K. RISK MANAGEMENT

The County is exposed to various risks of loss related to torts theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal 2008, the County purchased commercial insurance to cover general liabilities. There were no significant reductions in coverage in the past fiscal year, and there were no settlements exceeding insurance coverage for each of the past three fiscal years.

L. VACATION AND COMP. TIME PAYABLE

Changes in vacation and comp. time payable is as follows:

<u>9/30/07</u>	<u>9/30/08</u>
82,328	97,762

M. COMMITMENTS AND CONTINGENCIES

The County has no significant commitments or contingencies at September 30, 2008.

N. LITIGATION

The County has no pending litigation at September 30, 2008.

O. PRIOR PERIOD ADJUSTMENT

A prior period adjustment of \$6,726 is posted to the beginning net assets in the jail housing enterprise fund to correct for transfers for the prior year to the COPS in schools special revenue fund.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Honorable Judge and
County Commissioners
Red River County, Texas
Clarksville, Texas

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Red River County as of and for the year ended September 30, 2008, which collectively comprise the County's basic financial statements and have issued our report thereon dated December 10, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Red River County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the County's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the County's financial statements that is more than inconsequential will not be prevented or detected by the County's internal control.

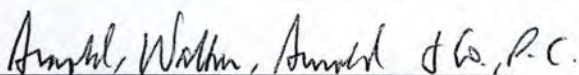

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the County's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Red River County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Commissioner's Court, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Arnold, Walker, Arnold & Co., P.C.

December 10, 2008

Red River County, Texas
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED September 30, 2008

I. Summary of the Auditor's Results:

- a. The type of report issued on the financial statements of Red River County was unqualified.
- b. Where applicable, a statement that control deficiencies in internal control were disclosed by the audit of the financial statements and whether they were material weaknesses. None
- c. A statement as to whether the audit disclosed any noncompliance which is material to the financial statements of the auditee. NONE
- d. Where applicable, a statement that control deficiencies in internal control over major programs were disclosed by the audit and whether any such conditions were material weaknesses. N/A
- e. The type of report the auditor issued on compliance for major programs. N/A
- f. A statement as to whether the audit disclosed any audit findings which the auditor is required to report under Section 510(a). NONE
- g. An identification of major programs: None
- h. The dollar threshold used to distinguish between Type A and Type B programs. N/A
- i. A statement as to whether the auditee qualified as a low-risk auditee. N/A

II. Findings Relating to the Financial Statements Which Are Required To Be Reported in Accordance with *Generally Accepted Government Auditing Standards*.

NONE

III. Findings and Questioned Costs for Federal Awards Including Audit Findings as Described in I.f Above

NONE

Red River County, Texas
SCHEDULE OF STATUS PRIOR FINDINGS
For the year ended September 30, 2008

- 07-1 The computer software was updated. This update will not allow the W-2's to not agree with the general ledger and payroll reports. Before W-2's are issued this year, the County Treasurer and auditor will review to be sure all is reconciled.
- 07-2 The Treasurer reassigned duties so as to allow for better segregation of duties.
